

ACT Pathway Forward: What it means for Construction

Yesterday's ACT pathway forward outlined details on when the remaining construction activities can return.

From 15 October:

Outdoor construction works will be permitted to take place at occupied residential apartment complexes subject to density limits.

New renovations in occupied premises to be permitted where:

- o Where there is no contact between workers and occupants, and there are no more than 5 workers plus 1

From 29 October:

Master Builders Association of the ACT
